CARRERA DE LUXE
CARRERA DE LUXE MD

The new electronic typewriters; new features, new design. Not only for office use, but in a wide range of situations where a small, fast typewriter is needed.

They are light and handy, and can be used anywhere; easy to transport thanks to the integrated handle (hinged) and cable compartment.

They look good and an amazing number of features are at hand as soon as the paper has been inserted. After that, it's "typing de luxe". Quiet, flowing, supported by numerous automatic functions; features normally reserved for "high-end" typewriters.
